Boston Sept 30th 1836

Dear Debora,

As I have an opportunity to write to you I improve it although I have not much that is new to tell you. You will see by this that I am in Boston. I have been here a little more than three weeks. I like very much and I get along as well as I can, though I do not think I shall ever come to much, it is rather to late to begin new again. But I shall endeavour to do my best as it is the last I ever expect to have. I expect Caroline finds me rather a dull scholar and she will not be able to make much of me. In Weymouth there is nothing but marrying and giving in marriage, they are going of by the dozen. Mary Tilden you will be happy to hear is at last married as her mother said she would not

sit up another winter.

As you will wish to know what the winter or Autumn fashions are. I will tell you what Miss Fergusson says. Florence straw lined with velvet, and trimmed with it I shall want one as my silk one I do not think can do for another winter. I went to Weymouth to hear ~~when~~ Mr Stanton Lecture & he was liked very much there. I went last night to Maria's and saw the Misses Tappan one is very pretty. Mr Garrison was there entertaining every one by his conversation. I have seen his child looks tolerable but nothing remarkable.

I heard from Esther the first of the week she is hardly alive but perfectly resigned. She partook of the sacrament a short time since. She is having made a great many things for Mr Rose. She would have her grave clothes made and all things ready.

They were all well at Weymouth the last time I heard from there. We had the annual meeting last

Monday, and they moved that they should invite Mr Fiche to lecture before the Ladies, and Aunt Rachel when they was consulting about what time they should invite him moved that he should be allowed to come any time when he was ready. They chose the same Officers they had last year. Mrs Coolidge says she thinks she shall not give any thing to help make Mr Perkins a Life member because he is not a strong abolitionist enough

Write to me the first opportunity
